Description:

Turn-of-the-century detective Isaac Bell pursues a blood-thirsty bank robber—and perhaps one of the world's first sociopaths—in the first novel in the #1 New York Times bestselling series. In 1906, the western states of America suffer a string of bank robberies by a single man who then cold-bloodedly murders any and all witnesses, and vanishes without a trace. Fed up by the depredations of "The Butcher Bandit," the U.S. government brings in the best man it can find: a tall, lean, no-nonsense detective named Isaac Bell, who has caught thieves and killers from coast to coast. But Bell has never had a challenge like this one. From Arizona to Colorado to the streets of San Francisco during its calamitous earthquake and fire, he pursues a fiend who seems to draw pleasure from the challenge and a woman who may hold the key to the man's identity. As Bell begins to suspect a new term used among top psychologists, sociopath, may describe his target, the Butcher Bandit turns the chase around on him. The hunter becomes the hunted. And soon, it will take all of Bell's skills not merely to prevail . . . but to survive. Filled with intricate plotting, Cussler's signature dazzling set pieces, and not one but two extraordinary villains, *The Chase* is the master working at the height of his powers.

Maybe that's it with Stephanie Plum now? Evanovich does Business as usual again, and does so at least since book 16. There is always this little hope that she finally gets around to being brilliant again, but maybe she is just tired of Plum herself? Never mind, there are other funny female detectives out there, but newer and fresher, like in *Heads Off* (A Lisa Becker Mystery). The book feels like copy and pasted from the other 19 books, but this time a giraffe on the loose is in it. That's almost worth it, ridiculous and stupid, yes, but not predictable as the rest of the novel. Stephanie still can't decide between Ranger and Morelli - this has gone on so long it's just tedious. Even Grandma Mazur is more creepy than funny, Lula delivers her lines, the guys come in and leave again, absolutely nothing happens. The bounty hunting is nothing special and follows the beaten track. Stephanie says in the book we've done this before. Indeed we have. If you treat this series like a sitcom with its repetitive humor, it's still enjoyable. But if there is going to be more, I would like to see some development. By which I mean: Dump Joe. Or Ranger. As long as I still care.
